	6. We should anticipate accusations of skulduggery, if MSA technicians are not aware of our developments in analysis techniques and equipment. This could come to light when	
25X1A	plenty of talking, but MEA doesn't listen very well. Mr. Duckett said to go on record as having notified MEA and having offered these developments for their use.	25X1A
25X1	7. The KOBOLD funding summary included 10 items for the second quarter, including one contract for a which is funded separately.	25X1A
25X1A	8. In the discussion of Mr. Buckett said	
	that in order to protect the Agency we should insist on going to the 303 Committee for approval before the equipment is used operationally. This applies even though the URAF will fly the equipment on the C-97.	
25X1A	9. Category II has a potential problem in that most of the money needed is in the President's Budget, but has not yet been released.	
	10. Mr. Duckett commented that if the U-2 replaces the	
25X1D	EC-121 for peripheral electronic reconnaissance, the UBAF may	
25X1A	ll. The last item discussed was the effect in OEL of personnel increases. Most of the personnel are on board now. The main problem, which is one of long-	
25X1A	standing in OEL, is assigning people between the field and] .
